### **DETAILED ACTION**

1. This action is in response to Applicant's after-final submission filed 2/12/07, responding to the 1/12/07 Advisory action which reasserted the rejection of claims 38, 41-45, 47-57, 59-61, 63-71, and 73-76. Claims 38 and 57 have been amended, and claims 41-45, 47-56, 59-61, 63-71, and 73-76 have been canceled. Claims 38 and 57 remain pending in the application and have been fully considered by the examiner.

2. Applicant's amendment has overcome the prior rejections under 35 U.S.C. 103(a). Therefore, these rejections are withdrawn.

### ***Allowable Subject Matter***

3. Claims 38 and 57 are allowed.

4. The following is an examiner's statement of reasons for allowance:

In the 8/27/03 Office action (see page 6), claims 16-19 and 29-32 were objected to as being allowable if rewritten in independent form. In the 12/1/03 amendment, those claims were cancelled, but claims 53-56 and 66-69 were added to include the subject matter of those claims. Thus, in the 2/10/04 Office action, claims 53-56 and 66-69 were objected to as being allowable if rewritten in independent form. Most recently, the 10/11/06 action objected to these claims as being allowable if rewritten in independent form. Applicant's amendment of claims 38 and 57 has incorporated the subject matter of claims 53-56 and 66-69, respectively.

The cited prior art taken alone or in combination fail to teach, in combination with the other claimed limitations, "wherein said module further comprises a module header and module

data, wherein said module header comprises a data field for specifying a destination storage location for said module, and wherein said module header comprises a bit pattern that directs a processor in said printer to create a file specified by said data field, delete a file specified by said data field, create a directory specified by said data field, or delete a directory specified by said data field.” These limitations are present in each of independent claims 38 and 57. Thus all pending claims 38 and 57 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
